

JUL. 03, 2023

Announcement on the Adjustment of the Ticket Fare for UNI Air Domestic Flights

UNI Airways announced that the full fare for domestic flights will be reduced starting from August 01, 2023. Passengers with travel dates on or after August 01, 2023 can issue new full fare tickets since from July 10, 2023.

Passengers who purchased tickets with discounted fares through GDS channels and request a refund of the fare difference will be asked to handle the refund through GDS. UNI Airways will not charge any handling fees and will issue new tickets with the new fare. If passengers agree not to refund the fare difference on the day of the flight departure, they can sign an agreement at the airport and board with their original ticket.

To protect passengers' rights, travel industry professionals are required to inform passengers of their responsibilities and fully inform them of ticket usage regulations and related norms for refunds and price differences. For more information on ticket prices, please refer to UNI Airways' official website : <https://www.uni-air.com.tw/>

Yours Sincerely,

UNI Airways Corporation
